**ABOUT GO COLLEGE!**

The Go College! initiative is an unprecedented partnership with *First Generation* and Wells Fargo to help close the education gap for underrepresented students.

The initiative kicked off in 2014 with the ‘Go College!’ Tour, spanning 12 major cities across the US and 70+ screenings. The film was shown free of charge to high school students, their parents, educators, politicians and influential members of each community and each screening was followed by a Q&A with the filmmakers, a Wells Fargo representative, as well as local educational experts to spur a dialogue focused on increasing college access for first generation and low-income students.

With the success of the tour and the goal of reaching an even wider audience, the Go College! Now web platform was created to inspire a college-going culture by providing free access to the film *First Generation* along with educational resources for students, parents, and educators. Go College! Now reflects the urgency of increasing the number of individuals with a high quality degree beyond high school by inviting users to pledge their commitment to closing the educational opportunity gap. Take the pledge and learn more about *First Generation* and the Go College! initiative at [www.gocollegenow.org](http://www.gocollegenow.org)

CAST UPDATES

SOMA

Soma continues to take classes at Long Beach City College where he is working toward his associates degree. He would still like to transfer to a 4-year university, but he’s not sure when that will happen.

JESS

Jess completed her Associates of Nursing Degree at Bakersfield College, and now she is a registered nurse working with expectant mothers. She and Ethan were married in 2013, and they live with their 2 dogs in Lake Isabella where Ethan is a fire fighter.
Dontay switched his major from criminal justice after he had an internship with Guess Jeans and realized how much he enjoyed working in the fashion industry. He graduated from California State University, Sacramento in June of 2015 with a Bachelor’s Degree in Family and Consumer Sciences with a concentration in Apparel Marketing and Design.

Although Cecilia still regrets not applying to UCLA, she found a community at California State University, Bakersfield where she majored in Criminal Justice, was the fastest runner on the cross-country team, and graduated with her Bachelor’s Degree in 4 years. In June 2015, Cecilia completed her Master’s Degree at San Diego State University in Homeland Security and Counter Terrorism. Now she plans on applying to law school and at the top of her list is UCLA!

OF NOTE...Jess, Soma, Dontay, and Cecilia are all first in their families to go to college. They each have older siblings who did not go to college. Three of them have younger siblings, and now all of them are currently enrolled in college! This is such a wonderful example of how one person can change the trajectory of their entire family!
TAKE ACTION

Thank you for screening *First Generation!* Now share photos and reactions from your event on Facebook, Twitter and Instagram with #gocollegenow.

As a society, we have a collective responsibility to ensure that a college education is equally obtainable for all students. As individuals we can each play a role in making a difference by spending our time, resources, money and/or talents to create a college-going culture.

Check out the Resources at gocollegenow.org for specific ways to get involved. Then Take the Pledge to commit to increasing the number of college degree-holders in our country and creating a culture that responds to the needs of low-income, first generation students.
